BIOMEDICAL ENGINEERING UNDERGRADUATE
WEB & CREATIVE DESIGN

PROFILE

I'm a Biomedical Engineering student at KUET. Alongside my studies, I make websites and designs on my own initiative: a birthday magazine in Canva, a birthday website, and a portfolio site for my brother. I'm still building my technical skills, and I want to get better at combining them with creative design.

SELECTED PROJECTS

01 **Personalized Birthday Magazine**
SELF-INITIATED | CANVA
A birthday magazine I designed in Canva: the cover, the page layouts, and how the pictures and text work together.

03 **Professional Portfolio Website**
SELF-INITIATED | WEB
A portfolio website for my brother, Dr. Md Nesaruddin, MBBS. I worked on how it looks, how it is organised and how it presents him professionally.
